Experience

Nov 2024 - Present · Valencia
Product & System Designer (Self-initiated project)
Tulong

Self-initiated product based on real humanitarian logistics experience

- Designed a logistics platform for emergency distribution scenarios
- Structured complex operational systems (routes, fleet, capacity, ETAs)
- Translated real-world constraints into usable digital workflows
- Built interactive prototypes (React / Three.js)

Nov 2024 - Present · Valencia
Account Manager (Design & Product collaboration)
DinAI

Bridging business needs and product/design execution, working closely with stakeholders to define priorities, structure solutions and ensure delivery across design and development teams.

Nov 2024 - Nov 2025 · Valencia/Philippines
Logistics Operations & Fleet Coordination
World Central Kitchen

Coordinated last-mile food distribution operations in high-pressure environments, managing logistics, routes, and on-the-ground decision-making. This experience later informed the creation of Tulong, a logistics platform designed to improve emergency distribution systems.

Dec 2022 - Apr 2024 · Valencia
UX/UI Designer
Idrica

Led UX/UI design for Plant Analytics, improving usability across complex data-heavy interfaces and contributing to more consistent system patterns across the product ecosystem.

Aug 21 - Jan 25 · London UK - Remote
Visual designer
Knowadays

Worked across content and marketing teams in a startup environment, creating visual assets for social media, illustration, motion, and website redesigns. Contributed to a broad range of brand and digital outputs, balancing speed, consistency, and visual quality across multiple touchpoints.

Mar 2019 - Aug 2021 · Edinburgh UK
Graphic design specialist
Scottish Enterprise

Designed reports, infographics, event collateral, and brand applications in collaboration with internal teams and external agencies. Managed multiple priorities and deadlines while presenting work to senior stakeholders, including public sector partners and government-related teams.

Nov 2016 - Mar 2019 · Edinburgh UK
Graphic designer
Registers of Scotland

Main graphic designer within the Communications Department, working across branding, digital assets, reports, campaigns, and internal communications. Collaborated on website and intranet visual direction, while developing a wide range of branded materials including social media assets, print collateral, icons, and style guides.
