Experience

Nov 2024 - Present · Valencia
Account Manager (Design & Product collaboration)
DinAI

Managing client relationships and coordinating communication across stakeholders to ensure clarity, smooth delivery, and long-term account success. Translating business needs into actionable next steps, supporting cross-functional collaboration, and identifying growth opportunities through a structured, client-focused approach.

Nov 2024 - Present · Valencia
Product & System Designer (Self-initiated project)
Tulong

Designed a logistics planning platform for humanitarian aid distribution, focused on optimizing last-mile operations in emergency scenarios. Defined system structure, data flows, and interface logic for complex, real-world constraints.

- Designed operational flows for planning, simulation, and execution
- Built a scalable system connecting Planning, Fleet, Kits and Live Operations
- Developed interactive prototypes (Three.js, React-based tools)
- Translated real-world constraints into usable digital systems (capacity, routing, ETAs)

Dec 2022 - Apr 2024 · Valencia
UX/UI Designer
Idrica

UX/UI Designer within a 7-person team inside a 70+ people product development department in the water treatment sector. Led the Plant Analytics project from July 2023 to April 2024, defining interface structure, improving usability across data-heavy screens, and contributing to more consistent visual patterns within the product ecosystem.

Aug 21 - Jan 25 · London UK - Remote
Visual designer
Knowadays

Worked across content and marketing teams in a startup environment, creating visual assets for social media, illustration, motion, and website redesigns. Contributed to a broad range of brand and digital outputs, balancing speed, consistency, and visual quality across multiple touchpoints.

Mar 2019 - Aug 2021 · Edinburgh UK
Graphic design specialist
Scottish Enterprise

Designed reports, infographics, event collateral, and brand applications in collaboration with internal teams and external agencies. Managed multiple priorities and deadlines while presenting work to senior stakeholders, including public sector partners and government-related teams.

Nov 2016 - Mar 2019 · Edinburgh UK
Graphic designer
Registers of Scotland

Main graphic designer within the Communications Department, working across branding, digital assets, reports, campaigns, and internal communications. Collaborated on website and intranet visual direction, while developing a wide range of branded materials including social media assets, print collateral, icons, and style guides.
